

POST ACTIVITY PARTNERS

Just because the axes go down, doesn't mean the event needs to end.

We've teamed up with function spaces, breweries, bars, restaurants and hotels to give your team the next best thing to axe throwing - great food and drinks!

At Lumber Punks, we're big on building relationships within our local community - and it shows. We feature on limited edition craft beers, support local causes and co-run community events.

Throwing at Lumber Punks then celebrating with one of our partners, is more than an event - it's being part of a community.
